CITY-COUNTY

Population >200,000

Consists of the following members:

- One representative from the county board
- One representative from the city council
- One physician
- One dentist
- five public-spirited citizens not employed in the health industry or in the health professions, who are interested in the health of the community.

COUNTY - Establishment & Terms of Service

Established by the county board of a county and approved by the Department of Health and Human Services as a county health department.

The physician and dentist shall each serve an initial term of three years. Three public-spirited citizens shall each serve an initial term of three years, and three public-spirited men or women shall each serve an initial term of two years. After the initial terms of office expire, each new appointment shall be for a term of three years.

DISTRICT - Terms of Service

Established by a joint resolution of the county boards of each county in a district health department.

New appointments at established boards of health are for a term of three years.

CITY-COUNTY - Terms of Service

Established when the county board of any county and the city council of any city located in such county have executed an agreement, approved by the Department of Health and Human Services.

New appointments at established boards of health are for a term of three years.

DISTRICT - Terms of Service

Population >200,000

Established when the county board of any county having a population of more than two hundred thousand inhabitants and the city council of any city located in such county have executed an agreement, approved by the Department of Health and Human Services, for maintaining a city-county health department on or after 1-1-1997.

New appointments at established boards of health are for a term of three years.
